## Food Service Presentation

# Product Positioning

Té Reval is positioned at the **luxury** niche of the worldwide food service segment where the customer expects a **special** and **unique** tea experience.

# What makes Te Reval special?

1. Speciality **Single** Origin Orthodox Teas
2. All **Natural** Ingredients
3. **Whole** Leaf Teas & Tisanes
4. Teas & Tisanes for different **moods & moments**
5. Silken **Pyramid** Tea Bag advantage
6. Over **70 Years** of Care & Expertise
7. **Freshness** Preserved
8. Variety of **Solutions** to meet customer needs

TE  
REVAL

Gourmet Tea & Tisanes

# Speciality Single Origin Orthodox Teas

- With over 70 years of experience we use only **specialty single origin orthodox** teas for our blends.
- We focus and showcase the unique tastes and characters of each origin.
- We **don't blend origins** as this is done to reduce cost at the expense of quality!
- We insist on using only **Ceylon teas** as they are considered the finest quality black teas on Earth.

REVAL<sup>TE</sup>

Gourmet Tea & Tisanes

Ceylon Teas comes from Sri Lanka an island located close to the **equator**

Tropical climate enables 365 days of harvesting and therefore **consistent quality**

Varied topography of the island the bi-annual monsoons create micro climates which result in variety of **unique & distinctive** teas.

Ceylon teas are **hand plucked** to ensure a better selection of green leaf for the manufacture of tea.

An expensive and labour intensive process which greatly influences the final product quality.

Ceylon teas are produced using the more artisanal **Orthodox** manufacturing process.

This is a labour intensive and small batch production process which enables a **wide variety of grades** to be produced while **preserving the flavour** of the tea.

# Ceylon Tea Centre

St Peter's Square

**For the  
Best Cup of Tea**  
*(and best light meal)*  
**in Manchester**

TEA BAR open 8:30am to 6:30pm

TEA LOUNGE open 10:30am to 6:30pm

From its very inception over 140 years ago **Ceylon Tea** is globally recognized for being the finest black tea

REVAL<sup>TE</sup>

Gourmet Tea & Tisanes

# All Natural Ingredients

All our blends are created using **natural ingredients** such as **herbs, spices, flowers and essential oils**. This is the hallmark of the brand.

We **do not** use any liquid or granular flavours, additives, preservatives or taste enhancers in our products.

# Whole Leaf

We use **only** whole leaf teas and tisanes as they are **perceived as premium**

Whole leaf teas also allow us to offer a greater **variety of teas**

# Variety & Moments

We offer an extensive range of teas and tisanes to cater to **every occasion & moment**

Our teas range from full bodied English Breakfast to more gentle and soothing Rose Oolong

By combining our teas with a variety of herbs, spices and blossoms we give **differing taste sensations**

All our tisanes are caffeine free and ideal for moments of **calm & relaxation**

# Silken Pyramid Tea Bag

All our products are packed in pyramid shaped silken tea bags which are **100% biodegradable**.

The unique shape and size of the pyramid bag along with the fine weave of the silken mesh ensures the **best possible infusion for whole leaf tea** when steeped in hot water.

Unlike in a traditional paper tea bags there is **sufficient space** for every single tea leaf or herb to expand, unfurl and release its unique taste and aroma completely.

# Silken Pyramid Tea Bag

The silken mesh is totally **tasteless** thereby not affecting the delicate flavour of the product.

The transparent nature of the weave allows the customer to experience the drama of the whole leaf teas and tisanes unfurling when infused.

Being a tea bag it makes tea preparation and disposal convenient.

# 70 Years of Care & Expertise

Te Reval is produced by **Jafferjee Brothers** a company established in **1944** with over 70 years experience in tea selection.

Our team of skilled tea tasters assess over 10,000 lots of tea **weekly** to identify the perfect teas that meet our requirements.

“There is a lot of tea out there but only a few teas which meet our needs.”

# Freshness Preserved & Quality Certified

To **preserve** the subtle nuances of premium teas, they should be packed within days of harvesting.

By having our production facilities in Colombo, we can pack our Ceylon teas within **3-4 weeks of harvesting** the teas.

Our facilities are **ISO 22000, ISO 9001** and **HACCP** certified

Quality is monitored throughout the production process

Complete traceability database of the ingredients used are maintained
